

MINUTES
 JABSOM Executive Committee
 Friday, April 20, 2012
 9:00A.M. – 10:30A.M.

Next scheduled meeting: May 18, 2012

Topic	Discussion	Action
<p>School of Global & Community Health – Jay Maddock</p>	<p>Moving forward to create a freestanding school of global and community health, with the idea of developing a research driven program and an Asian-Pacific Focus.</p> <p>Jay described the new model of education as being cross-disciplinary. School is in the first stage of a reorganization process which might take 1-3 years. The school was freestanding from 1965-1999 and came under JABSOM in 2000 with a separate line item in the budget. Some resources are “shared” resources.</p> <p>Five MPH Programs covering the following core areas:</p> <ul style="list-style-type: none"> • Epidemiology • Biostatistics • Health Policy Management • Environmental Health Services • Social and Behavioral Sciences <p>Opening doors for Baccalaureate in fall of 2013 and enrollment will begin in the Junior year. Expectation is that most students will continue on to pre-med/ medical, pharmacy or MPH programs. Long term goal of offering a PHD in biostatistics.</p> <p>Currently in the process of cluster hire positions for a partner program with the Department of Native Hawaiian Health.</p> <p>In discussion with Kapiolani and Windward Community Colleges to offer some introductory and cross-listed courses there.</p> <p>In terms of the region, Guam, Palau and Micronesia have started BA and Associate programs in Public Health respectively.</p> <p>Potential future joint programs with the Business, Law, Economics Schools and other Manoa Units.</p> <p>Next steps: Formal Needs Assessment, Funding & Space Plan, Formal Reorganization Plan.</p>	

<p>Developing Global Health Educational Perspective in Japan (JADECOM/ NOGUCHI) – Satoru Izutsu</p>	<p>Satoru highlighted JABSOM's partnership with Chubu Hospital in Okinawa. This year marks the 45th year in Chubu and so far, JABSOM has trained 829 physicians of which 74% remained in Okinawa. Currently the ratio of doctors to patients in Okinawa is similar to that of Hawaii.</p> <p>This year, JABSOM is sending 9 short term (1 week) consultants and 3 long term (3 months) consultants to Chubu Hospital.</p> <p>Every year 10-15 of JABSOM's fourth year medical students exchange part time with around 27 students in Asian Universities.</p> <p>Japan Association for Development of Community Medicine (JADECOM): A cohort consisting of approximately 63 hospitals and clinics. JADECOM is interested in growing rural and community medicine and wants to send 12 of their residents to observe US teachings in Hawaii and Oregon. Tokyo Bay Hospital opening in April to concentrate these types of doctors. JADECOM 12 will rotate amongst Geriatrics, Emergency Medicine, & Community Medicine.</p> <p>Satoru welcomed executive committee members to join additional voluntary group: the Committee on Global Health and Medicine.</p>	
<p>Shidler Health Care Finance Course – Alice Li/ Richard Kasuya</p>	<p>Alice is the Director of Custom Executive Programs and has developed programs for clientele in the manufacturing, trade and banking industries, Big Island observatories, the military, etc.</p> <p>Target audience for the initial 2010 healthcare/finance program was primarily nurses. Alice wants to expand the program to other health care professionals. Program will be offered again on May 25- June 16; Fridays & Saturdays for 3 hours each day.</p> <p>Alice asked if the program is feasible for physicians' busy schedules and brief discussion followed on times/ dates of offerings.</p> <p>Average of 15-20 attendees \$2000 per person with some costs subsidized by employers Dean suggested some survey work to find out faculty interest in course.</p>
