Contact: Pauline Mashima, PhD, CCC-SLP - [mashima@hawaii.edu](mailto:mashima@hawaii.edu)

# Communication Sciences & Disorders

677 Ala Moana Boulevard, Suite 625

Honolulu, HI 96813

The Master of Science Program in Communication Sciences & Disorders educates and prepares students with a core set of knowledge and skills required for entry into independent professional practice as speech-language pathologists

*Speech-Language Pathologists*  
identify, assess, and treat  
speech, language, cognitive  
communication, and  
swallowing disorders in  
individuals of all ages

# Research

## Faculty

- Participation in UH Mānoa Assessment Institute to develop tools with which to define, promote, and assess professionalism in student clinicians
- Collaboration with neuropsychologists to optimize rehabilitation outcomes for individuals with prolonged post-concussion cognitive impairment
- Publications in peer-reviewed journals and book chapters in subspecialty areas

## Students

- Completion of faculty-mentored research project across three semesters to engage in the process of evidence-based practice
- Oral presentation at the CSD Annual Research Symposium
- Submission of a written manuscript
