About the Department

Contact Us

The Department of Medicine is the largest department within The University of Hawaii John A. Burns School of Medicine (and the largest department within the University of Hawai'i system) with over 80 faculty.

Our missions of research, education and patient care are intertwined, and all three missions are integral to the goals of our department.

UH Internal Medicine Residency Program News on scholarly activities:

- <https://www.hawaii residency.org/internal-medicine-residency/scholarly-activities>

For the academic 2018-2019 years, residents contributed to 39 peer reviewed publications and 8 publications under review, 13 oral presentations and 21 poster presentations in all fields but especially in cardiology, critical care, infectious diseases, gastrointestinal diseases, and oncology.

Research opportunities available in various subspecialties, depending on faculty member

Three research centers within the department of medicine are:

- Center for Cardiovascular Research
- Hawaii Center for AIDS
- Neuroscience and MRI

- Seek mentors from faculty and community practitioners
- Network with colleagues who are currently participating in research
- Search for mentors through IMG and Hawaii Chapter of ACP

The screenshot shows the ACP website with the URL <https://www.acponline.org/about-acp/chapters-regions/united-states/hawaii-chapter/news-meetings>. The page features a navigation menu with options like MEMBERSHIP, CME & MOC, MEETINGS & COURSES, CLINICAL INFORMATION, PRACTICE RESOURCES, ADVOCACY, and STORE. The main content area is titled "Hawaii" and "News & Meetings", with a featured article for the "2021 Hawaii Chapter Virtual Meeting" dated February 20, 2021.

The screenshot shows the IMG website with the URL <https://imig.uhmed.org>. The page is titled "Internal Medicine Interest Group (IMG) at the University of Hawaii John A. Burns School of Medicine (JABSOM)". It includes a navigation menu with Home, About Us, Our Events, Find an IM Mentor, Medical Student Resources, and Alumni Matches. A featured article titled "Match List 2019" is dated January 13, 2020, and includes a "Read More" button. Other links include "JABSOM News", "Visit the UH Med Now Blog", "Quick Links", and "IMG at JABSOM Facebook Page".

RESEARCH

Here are some tips and resources for starting a research project.

Research tips from UH Internal Medicine Chief
<https://chiefblog.uhmed.org/research/>

The research focus of the Department is on interdisciplinary research programs related to human disease. These research programs are pursued in collaboration with other departments in the School of Medicine, other Schools within the University, and other national and international institutions and organizations.
