

# Family Medicine Research

**John A. Burns School of Medicine**  
UNIVERSITY OF HAWAI'I AT MĀNOA

**FAMILY MEDICINE  
RESIDENCY PROGRAM**

# Ongoing projects:

- TB screening of Marshallese populations (*Seiji Yamada, MD*)
- COVID testing and follow-up – quality of care (*Chien-Wen Tseng, MD, MS, MPH*)
- Improving access to Long-Acting Reversible Contraception (LARC) (*Komal Soin, MD*)
- STEM/pipeline projects – high school and pre-med students mentoring and teaching research (*Teresa Schiff, MD and Jill Omori, MD*)
- HOME clinic - Impact of medical student participation on specialty choice and quality of care for people with housing instability such as diabetes care and STI risk. (*Teresa Schiff, MD, Jill Omori, MD and Camlyn Masuda, MD*)
- Increasing access to USPSTF primary preventive care recommendations (*Chien-Wen Tseng, MD, MS, MPH*)

# Ongoing projects: (continued)

- Use of point-of-care retinal camera for diabetic retinopathy screening (*Rob Carlisle*)
- POCUS Curriculum (*Komal Soin, MD*)
- Advocacy: Improving privacy of confidential services for sensitive health care of adolescents and young adults (*Komas Soin, MD*)
- Advocacy: Improving reimbursement rates for buy-and-bill LARC provision (*Komal Soin, MD*)
- Urine-based cervical cancer screening (*Neal Palafox, MD*)
- Home BP monitor and HTN control (*Camlyn Masuda, Liana Kobayashi*)

# Contact

- Please consider how much time and effort you can commit to a project and what skills (or enthusiasm) you will bring to the team.
- Feel free contact me at [cwtseng@hawaii.edu](mailto:cwtseng@hawaii.edu) for any questions about these projects and I will put you in touch with the project coordinator.

We look forward to working with you!
